Dear Ms. Jenkins:

Thank you for your letter and drawings to the Citizens' Stamp Advisory Committee expressing support for the issuance of a stamp commemorating the big rig Trucking industry.

I am pleased to inform you the Trucking industry will be submitted for review and consideration before the Advisory Committee. The Committee is responsible for reviewing stamp proposals and making recommendations to the Postmaster General.

The artistic design of our stamps is a vital part of our stamp development process, and we appreciate the work involved to create your design. However, due to federal guidelines, we cannot accept or review unsolicited designs for specific stamp subjects. This protects both the interests of artists and the U.S. Postal Service. When a theme for a postage stamp is decided, our staff commissions professional illustrators, designers, or photographers to develop the design.

Thank you for your interest in our stamp program. The following hard copy and online resources are regularly updated to keep postal customers and collectors informed:
